*Lunch N Learn*

Cindy and her husband Sean, own Audio Etc. located in Centerville. "We are very proud to have been on the cover of the national magazine Audio Video Interiors. Eight pages in the center of the magazine featured our exquisite product selection and design capabilities.

Audio Etc... has been faithfully serving the Miami Valley for over 26 years. We opened our doors in Beavercreek, Ohio as a used audio/video store. After many successful years, we moved to The University Shoppes across from Wright State University where we became a high, medium and low end audio/video store selling new and used equipment. Then in 2004, we bought a 17,000 square foot building in Centerville and created an exquisite showroom.

Cindy Gaboury's Specialties:

**Event Planner:** Because of our upscale 'home-like' atmosphere, it is a perfect location for events. We host business webinars, board meetings, movie nights, table top events and charitable events. (No charge but specific criteria)

**Networker:** I enjoy meeting new people and helping them to grow as they help me grow. I am very faithful to my networking group members. I enjoy one-to-ones and getting to know people personally. I also love giving tours through our beautiful showroom.

Cindy is the mother of 2 adult children a son and daughter.
